Team Albania – Summer 2022

While in Albania, we will be partnering with CRU Albania to minister to high school students in Tirana, the capital city. The High School ministry is the backbone of the Albania church movement and a vital way in which CRU is impacting the lives of future leaders. We will be meeting with high school students to have coffee dates to get to know them, let them practice their English (a big enticement for many!), and participate in the planned CRU High School ministry activities. We'll even have a chance to get away from the city, to go camping with the students at CRU's Lighthouse retreat property on the beach for two days.
